For the attention of **Rizzi Group Iberica**

Leaf Marque Number 936696

Date: 05/11/2020

Dear LEAF Marque Member,

Please accept this letter as confirmation that your LEAF Marque certificate extension request has been approved and your certification expiry date has been extended to **04/03/2021**

The LEAF Marque website has been updated accordingly and can be checked at MyLEAF, <https://my.leafuk.org/myleaf/login.eb>

As you may be aware LEAF Marque will be issuing a remote audit process from May 2020, please ensure that you book your remote audit or onsite audit with any baseline scheme audit even if this is within the extension period. Any stand-alone audit may attract a further audit fee. In addition, we would like to take this opportunity to remind you that all audits from 1st January 2020 are to be conducted using version 15 of the LEAF Marque standard.

We would also like to inform you that your next certificate will revert back to the original issue and expiry dates or align with your base line scheme if/where applicable.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Marie Keys', with a stylized flourish at the end.
